TRIPLE MURDER.

FRANK SMITH AND TWO SONS
SHOT DOWN SATURDAY
IN COLD BLOOD.

Scott McQuinn and John Lane
Did the Deed, and McQuinn
Says: "We Had to Do It."

Excitement Runs High, and Hundreds
Attend Midnight Funeral of Victims.

MURDERERS HELD WITHOUT BAIL.

In a difficulty Saturday on Holly creek, near here, Frank Smith and his two sons, William and Manfred Smith, aged respectively, twenty and twenty-two years, were instantly killed by Scott McQuinn. The beginning of the fight may never be known, as there were no witnesses except John Lane, a brother-in-law of McQuinn.

William and Manfred Smith had been to Wilbur and were returning home, each riding a mule, and were near the home of Scott McQuinn. They had to pass the McQuinn home, which was on the county road.

Manfred Smith fell in the road, William fell in the barn lot shot in the head, breast and stomach. It is supposed that William was trying to get a tree for shelter, as he fell near one.

Frank Smith, the father, was at home and hearing the shooting, got his shotgun and came up near the barn and was killed.

Mr. Lyra, immediately after the trouble, was on the ground, and went into the McQuinn home and asked McQuinn and Lane who did the killing, and McQuinn answered:

"We did, but we had to do it." One of the mules that the Smiths were riding was killed and the other one was shot. Neither McQuinn nor Lane was injured. Manfred Smith had a revolver in his hand with two empty chambers.

About six years ago William Smith and Mayne Taulbee killed Meredith McQuinn, the fourteen-year-old brother of McQuinn. Smith was at that time about the same age. Smith served a five-year term in the State prison for the crime and has been home only a short time. Taulbee was also convicted. There has been bad feeling between the two families ever since and trouble has been expected ever since the killing of Meredith McQuinn.

Scott McQuinn is unmarried, is about 22 years of age and lives with his mother. His father died some years ago. The two Smith boys lived with their father.

The two families lived near each other. Frank Smith is a brother of Jeff Smith, who was a witness in the Hargis case in Lexington.

Frank is the third of his family to be killed. Elkanon Smith was killed at a mill about four years ago by Bud Bohanan, who is now serving a twelve-year sentence for the crime. George Smith, another brother, was killed in Day's store, on Frozen Creek, nearly three years ago, by Charles T. Byrd, an attorney. Byrd was never indicted and lives in the West.

The above is a special from Lee City to the Lexington Herald. Since the above was published the two murderers, John Lane and Scott McQuinn, have been arrested and placed in jail, and further particulars lead to the presumption that the killing was premeditated and well prepared for. The barn from which the shots were fired proves to be a regular stockade, the barrier from behind which the firing was done being built of railroad ties and impregnable to a bullet.

It was certainly a dastardly murder and one that is deeply deplored by all the people of Wolfe County.

Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous.

Some sudden strain from over-exertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop.

Relieve this terrible strain at once with Dr. Miles' Heart Cure. It invigorates and strengthens the heart nerves and muscles, stimulates the heart action, and relieves the pain and misery.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.

"I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropsy of the heart. He put the X-ray on me, and in connection with his medicine he came near making a finish of me. Some time before this a Mr. Young, of St. Louis, was in our town. He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me."

Miles Medical Co., Elkhart, Ind.

and his two sons, William and Manfred, the victims of the bloody fight in Wolfe County on last Saturday, were buried Sunday evening in the Smith burial ground near Hampton Station, on the O. & K. railway about 10 miles from Jackson in Breathitt County.

A large crowd of people had gathered at the graveyard to witness this unusual triple burial and it was near midnight before the interment was completed.

Hundreds of people viewed the remains of the father and two sons lying in their home on the head of Holly creek.

Church services throughout the entire neighborhood were abandoned and the people gathered from many miles distant to the scene of this bloody battle.

The homes of the McQuinn and Smiths are only about 100 yards apart and all day long while the people thronged at the latter place no sign of life could be seen at the former.

Sheriff J. T. Stamper and jailer J. C. B. Little, of Wolfe County, were on the scene Sunday and went to the McQuinn home and talked with Mrs. McQuinn. They left there at 3 o'clock going toward Campton. By some arrangement with Mrs. McQuinn the officers got in communication with Scott McQuinn and John Lane, the men who were charged with the killing and they agreed to meet the officers on Stillwater at a point about three miles from the scene of the killing and go with them to Campton. The officers went to this place and according to arrangements, they were met by Scott McQuinn and John Lane in company with Jim McQuinn and Lee Proffit, two other men who were present at the killing. They were taken to Campton Sunday evening and placed in jail.

There is great excitement in that section over the killing, and it is believed that there will be more bloodshed.

At the examining trial held at Campton yesterday Scott McQuinn and John Lane were held without bail. Jim McQuinn and Lee Proffit were dismissed.

THE Legislative committee committee for Morgan and Wolfe met at the Day House, today, July 20th, and organized by declaring John S. Carter chairman and J. T. Hanks secretary. Henry M. Cox had registered, and the other two, Judge William Perry and John Taulbee paid in their fees today, which settles that matter.

We waited for this meeting so that we could tell our readers whether or not it was to be a primary. As they all registered and paid in their fees a primary is inevitable, and that will be held on Saturday, August 5th, 1905. We will publish full proceedings next week.

Wolfe County Teachers' Institute
July 10-14.

The Committee on Resolutions of the Wolfe County Teachers' Institute beg leave to submit the following resolutions:

Resolved:
FIRST: That we approve of the time, place and manner of holding this Institute, and extend to the principal of the Hazel Green Academy our heart-felt thanks for the kindness shown us in the use of the academy buildings and campus.

SECOND: That we express hearty appreciation of the very able instruction given by Prof. Wm. H. Cord during the Institute.

THIRD: That we extend to the Secretary, Miss Carroll, and the Vice-President, Mr. D. H. Kash, our thanks for faithful performance of their official duties.

FOURTH: That we express to Mr. Carl Mize, our thanks for the excellent music furnished in the academy chapel on Tuesday evening.

FIFTH: That whereas hasty and inappropriate legislation is worse than no legislation at all, wherefore we request and pray the next General Assembly of Kentucky to enact a law providing for the appointment and remuneration of a committee of three, such committee to devote 18 months to the study of common school system in the Northern States and report the result of their investigation to the General Assembly meeting next after their appointment.

SIXTH: That we request the county superintendents and boards of examiners to require of applicants for teachers' certificates higher educational and more qualifications, and to use means to rid the common schools of so many so-called teachers, who are unfit for the high and noble calling.

SEVENTH: That the teachers and superintendent of this county extend a hearty invitation to any or all of the adjacent counties to hold a joint institute with us next year.

EIGHTH: That we express our hearty appreciation of the faithful services of our efficient county superintendent, J. W. Taulbee, in raising the educational standard of our county during his term of office, and sincerely request that he continue in the great cause of education among us.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

STATE COLLEGE OF KENTUCKY, LEXINGTON, KENTUCKY.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.
